You saw the need, together we made it happen.

Trauma Informed Learning and Development Framework

The long-awaited West Midlands Trauma Informed Learning and Development Framework is ready! This framework, informed by over 100 professionals, equips everyone from policymakers to practitioners with the tools they need to not only understand trauma-informed practice, but also put it into action and measure its impact. We are excited!

Trauma Informed Commissioning Guidance

The Trauma Informed Commissioning Guidance is ready for the design. This groundbreaking document, informed by over 100 professionals, ensures every step of the commissioning process prioritises people and the principles of trauma informed practice. This means better support, services, and outcomes for everyone in the region.

Welcome to the Coalition!

Over 190 leaders across the region representing the public and third sectors.

Aligned under one aim:

To see an emotionally safe, trauma informed West Midlands for all.

Coalition activity:

- Community of Practice, [online resource bank and forum](#)
- Trauma Informed workforce learning and development framework
- Trauma informed commissioning guidance
- Regional cost and benefit analysis
